Could you make me a simple YouTube banner with the text "Smye"? If you can do purple or black and white one that would be great. Thanks ;)

Good luck with you course.

If you're still offering this I would love to have something done.

jftjovan - October 28, 2016, 9:51 am

if you want to work towards having something be broadcasted for millions of people eventually if you can do anything with the profile pictures on @delicious and @snacks on instagram that would be dope. I don't want to change the design idea behind if such as using food and kitchen utensils as letters but I am open to any improvements :)
