Previous thread closed due to server delivered, which he keeps lying:

<https://hackforums.net/showthread.php?tid=5442658>

On 20th October, I've ordered a dedi server based on his thread:

<https://hackforums.net/showthread.php?tid=5437074>

He clearly says on thread replies that PM him for spoofing ones.

Which he answered me as 90\$ for 1g spoofing dedicated:

<http://postimg.org/image/ghhw0ry3p/ea3755d2/>

As I was curious, and first time asking for dedi servers on HF, I asked him for 10G possible, he said yes, and it would be 60\$ extra + 40\$ for server configuration and basic scripts.

In total, I've sent him in BTC 190\$, traded Paypal->BTC with Sapio, an exchanger

<https://hackforums.net/member.php?action=profile&uid=2184829>

<http://pastebin.com/fEqncyda>

<http://postimg.org/gallery/dweh5u10/fa63f966/>

On 24th Oct, he delivered a server 89.163.225.229, which is based on myLoc and reselled by webtopia.com, I've pushed some scripts to test it, ended up with 0 power, trying to boot my home connection. Which this AS/DC doesn't even spoof.

I paid 150\$ for a 10g spoofing, which I ended up with 1g non spoof very offshore dc.

He has asked me for passport, because he said DC asked for it on previous dispute thread

<https://hackforums.net/showthread.php?tid=5442658> Now im really worrying about my passport leak, and finally I will warn my company Lawyer on monday, for the go, to report to police a passport leak, to make the passport as stolen one and i will get a new passport. Also a court request to warn Microsoft representatives to have his username under investigation/dangerous ones. His skype: thespikybrohd, from Japan

I've closed the old thread because he replied that his Uncle died and he had urgent matters, which is A LIE, I hope his families knows what he is saying and lying.

Now this guy wanted to sell me public amplification methods for 40\$, which there are lots of negative reputation already on his rep history.

<http://postimg.org/gallery/2zqrw657m/08232f2d/>

Its surely bullshit, deal with him at own risk, positive reputation is a lie!!

Been there for 2 years, never got scammed so hard, and how the sell his account is still here, keeping scamming ppl around by masking himself with positive reputation.

I've asked him a refund of 100\$, and leave the 90\$, i dont need crap server, been waiting a reply around 48hours, still no reply.

I see him online on skype and HF.

He is just ignoring me.

Lessons learned.

you paid \$150 for his \$45 dollar servers lol

layonhands - October 28, 2016, 4:16 am

He is also selling public methods aswell, fully leaked ones

150\$ + 40\$ setup/config

ended with up 1g no spoofing crap server, at ip 89.163.225.229, which he said spoofing server is not 45\$ and its 90\$, and 150\$ for spoofing 10G ...

what a cancer, i got my lesson learned, refund me 100\$ back?

layonhands - October 31, 2016, 12:38 am

I still demand an answer and 100\$ btc refund to 1Pg4tadWo5ADWzSovXLPwPDiP66HjcWNU

There are more ppl who was also scammed, and can't even talk.

lolwat I'm not Jay. You were literally posting on all his threads. I get you were scammed but no need to post on all his threads. One thread is enough (this one) and maybe one post on his marketplace thread. But bumping posts from literally years ago, get the fuck out with that.

and? nobody asked you to join the party, if you dont like dont read.
Ignore me then.

I like to copy paste on this threads, so what?

supporting scammer by giving me neg rep due to spamming to a scammer thread? scammers should be BANNED, spamming is not even enough.

probably another multi accounting, Jayy. confirmed

Ignore V for Vendetta. He is known to be a shady character around the forum and does not have his head on straight.

On the contrary, sorry for your loss. Your report appears to be fully legitimate. An expensive lesson learned.

Omni can go through my account, I have never talked to Jayy. I -3'd you because of your constant LQ spamming. I have never multi-accounted either.

Obviously multi accounters wont be obvious to link to another account.

feel free to report, because I already reported you for multi accounting suspect.

I dont even care now if they ban or suspend my account, this place is filled with full of scammers and no regulation.

And more importantly, I'm a victim of scamm, and there are way more ppl getting scammed.

If i get a ban or warning, congratulations, I am peacely leave HF, I can go to chinese HF, which is way more trustable, instead of little scammers scamming for 100\$ dollars.

Why would I multi on HF, been here for 2001 days now, no point really. I would be more than willing to discuss this in a civil manner over PM's.

Also I suspect,

if I spammed and disturbed ppl, why they didnt complain to me? and you complained?

Obviously you got disturbed, and logical conclusion:

either your are on his side, that its right to scamm

or you are him, multi accountting.

there are no reason to support a scammer, and you are the only person who felt bothered and disturbed to warn me, you have "something" linked to Jayy.

No, I only -3'd you because I literally just woke up and saw like 20 posts by you on the new posts page, linking back years. And I'm like man shut up. But anyway, enjoy the -3. I tried being civil, guess you're not capable.

And maybe.. just MAYBE, you're annoying as fuck holy shit, which served as the basis for your -3.

It makes you obvious, on all threads i've posted, its related to Jayy.

How did you know that I posted on all his same threads?

Nobody bothered to warn me, only you.

Also "he + you" gave me same rep message.

He is saying on skype "0 damage", because i've posted on his threads, I am that stupid lol, if he says 0 damage, I will post more :)

I've been fooled once, not anymore here in HF.

reported, I wont resolve.

Ban me them, i can go to Asian HF market, which is way more friendly and trustable.

Not like this, filled with lammers and scammers.

Scammers support scammers together to scamm more users.

I feel fun getting banned, victims getting banned while scammers keeps scamming more ppl with their lied Rep which is full of lies.

Edit:

its like scammers and scammers holding together to scamm lower rank users.

and surely: I didnt post on your threads

I've changed your rep, but multi accounting is suspected, also you've been reported.

No one bothered to neg rep me for posting on Jay's threads, but you did.

Also pls think about scamme's side, you should never tell victims to shut up, think twice, also it wasnt related to you.

Now leave another ppl's problem in peace if you werent evolved. I think victims of scamming have to right to complaint at least even there is no regulation when its confirmed 100% scamming.
