Welcome to the program of the BTC-Shares company!

You got the Bonus Share and now you can earn 84,000 Satoshi per day (3500 Satoshi each hour) already now FREE!

This is our gift for you which will bring real money to you!

You want to earn more and at the same time not to view the obligatory advertizing block? Correct decision! Buy the shares BTC-Shares and earn 200% for 20 calendar days without obligatory viewing of advertizing content.

Btc for free : 84,000 satoshi /day = 0.00084000 BTC = 0,5 USD/day

Optional - Adshares : 0.015 BTC /adshare generates 0.03 BTC within 20 days = 200% ROI

Method ::

- download the messenger app "Telegram" on Google PlayStore or AppStore. Register and logon to your account.

If you're using PC, you can make an account thru Telegram Web Version (<https://web.telegram.org>).

- visit BTC-Shares to start from [here](#)
- Join to that channel and click Start.
- Choose, please, language for further work in BTC-Shares Bot.
- After that, you'll receive a message saying:
- To view your account balance, just click the Financial account button and you'll see the amount of Bitcoin you've been claimed.

yeah...you give 10 dollars and for 9 days you will get 1 dollar a day!...Sounds like a Ponzi to me, could be wrong but this looks risky, lol

WikiBoy - October 29, 2016, 7:39 am

This is not a risky nor a HYIP . You can use it dudes

"earn 200% for 20 calendar days without obligatory viewing of advertizing content"

Absolutely no HYIP/Ponzi! Lol for real mate. Do you really think that you can earn money with this
bullshit? If so, I'd advise you to go and get your brain checked.
