Thread: [Turned 5\\$ To 340\\$ In 2 Bets! BTC \(Under 24 Hours\)](#)

Accurated - October 29, 2016, 3:35 pm

Started with 7.29 mBTC which is 5.2\$ BTC

Ended up winning 2 insane combo bets in a row in under 24 hours and turned it into a little over 0.4 BTC around 340\$

And BTC is also raising up in price atm so was perfect timing ?

It's not a good habit to use PM's to break the rules. If it's not allowed on the board it's probably not allowed in PM's
