Thread: [Quest Soon To Be on PokemonGO?](#)

? TAQ ? - October 30, 2016, 3:04 am

Just to bring some attention back to this sub-forum. For those of you who don't play currently and still do play? Will you take part in questing when they release it? Share your opinions.

I noticed the Halloween event brought back quite a lot of life to the game here in New Zealand. Not sure if people will continue to play though once the event ends. Helped quite a few of us complete our dex, not counting regionals.

If your answer is "no" state why you wouldn't quest, or state what would make you quest and play again.

What are the quests going to be? I haven't seen anything about this.

Woops, I thought I put the link in the OP, the quest haven't fully been stated yet, but here's a quick link I found. <http://pokemongohub.net/pokemon-go-daily-quests/> That's not the original link I found, but its mostly, catch of the day, and collect a certain amount of unique pokestop etc.

I feel that most who abandoned the game will no longer care about it all, regardless if its updated. It isn't a completely game-changing update and Pokemon GO will remain the same, stale getting game over time.

I will try them out when it comes out but the quests better not be boring or lack rewards.

Revive? no. But I think its pretty cool if they added some quests.

Sure! I'll just once they unban my account which I used to bot 2 pokemon..

It's an almost dead fad.

The only people that are going to be playing this are the few group of selective nerds that miss the old game.

Ah, I see we all have a shared opinion regarding the quest, unfortunate.
