Thread: [PayPal MyCash Card?](#)

TRAUMA - November 2, 2016, 11:50 pm

There's someone new on the site who wants to trade the card for Bitcoin.

Can the cards be pulled back or get you into any shit, I have no clue about them.

I've heard that they can be carded, but this was a year or two ago. Just have him show receipt/card proof and you'll be good. They can't be pulled back
