So yeah, have anyone watched Shelter? It's a 6 minutes long AMV that has been posted on youtube

For those who haven't watch : Watch it now, with headset or a good sound system. The music is catchy imo.?

For those who have watched : Share your opinion about it. I think it have an unpredicted ending!?

There's already a discussion thread on this. Got shitted on when I posted mine, but regardless the art was great. As to be expected from A-1.

I liked the video, didn't mind the music but felt like the music didn't fit the video at all.

I really dig the Wataru Uekusa's style of anime music videos. Animations fit the music perfectly IMO.
