Esdese - November 3, 2016, 9:55 am

Hardcore Yu Gi Oh fan... It's so cheeky, cheesy, Protagonists full of plot Armour there are manny Bad things to say about most series except season 0, but from season 1 to ARC-V it's just meh... sure Arc-V did a good job with the Dimension thing and the coolest charatcers ever seen in the franchise except Yami Yugi, including some from Gx, 5D's(Nostalgia trips) and Zexal but most charcters are cool except the Main Protagonist that's just plain stupid...

But I do enjoy wathcing it.

IMO Zexal was the stupidest of all though... Made only to introduce the New XYZ mechanic in the game plot very stale and shallow and cliched... Bad Copy of Season1.

CorrosiveBlueberry - November 16, 2016, 8:33 am

I agree, pretty much any ecchi or harem I've watched and actually completed on my list I most likely halfway dreaded but just stuck it out through the end, i'm not a big fan of such they most have similar plotlines, no supprises and are pretty boring.

Although some are better or more interesting than others. Alot of things on my list like 1 shot OVAs or a few episode OVA's i've completed just because i felt i needed to stick it out once i already started it. Even if I started not enjoying it.

Some examples:

1+2 Paradise OVA, BIG ORDER OVA prior to series, Santa company movie, Kick Heart, Boku Otaryman, Arcade Gamer Fubuki, A kite, Asa made Jugyou Chu!, Black Rock Shooter, Aoki Honna (Blue flames ova), The adventure of koketsu ova, Call me tonight ova.

Stuff like that are on my list ranging from 4-6s and i normally rate most stuff 8s, 9s or 10s.

?Dominate - November 16, 2016, 6:01 pm

Most ecchis I've watched made absolutely no sense to me. But I still watched it for the "plot".

Guilty Crown 100%, it is one of my favorite anime. When I actually review it, it was so bad in terms of elements.

Mafty Navue Erin - November 16, 2016, 9:47 pm

Since there are too many that could potentially fill this role, I'm just going to say all the anime that had incomplete stories. You know, the ones that stopped at 10-13 episodes and were never heard of again. For the most part I enjoy most anime.

Zexo - November 16, 2016, 9:49 pm

Pretty much all the slice of life anime I watch I know I won't like it but I still enjoy it.

I really don't think SAO S1 gets very much hate at all. It's pretty commonly thought of as a decent, if not above average starter series.

Season 2 is the one that gets hate - fairly well deserved too.

Agreed. I think peeps tend to hate on popular anime; every anime has its good and bad qualities. Although then again S2 was utter garbage compared to S1 so probs got a bad rep. Then you have to account for the fandom and fan service following popular anime that tends to do even more harm.

High School of the Dead.

It wasn't completely shitty, but it fit the "Hey look I'm a stereotypical anime" bill so well.

Tit physics gone wrong. Check.

Unnecessary nude scene. Check.

Bad ass chick with colored hair. Check.

A crisis. Check.
A male protagonist all the females like. Check.
Nerdy friend of male protagonist. CHECK.

But aside from that it had some pretty funny moments that made me keep watching. It kept suspense high for an anime about tits and zombies.
