Thread: [Karambit Doppler Phase 4 FN.](#)

Slightly. - November 6, 2016, 10:37 am

Is there anyone here, who's got a Karambit Doppler Phase 4, that might wanna trade? ?

If your Karambit is very blue, I'll give you both of my knives. Combined they're worth 360 euros.

Can vouch for this guy, he has a sick inventory + a very nice viking.

Vent lige, hvor meget er m9 doppler lige faldet i pris, den plejede da at være +300 euro eller er jeg bare helt væk

Det har du ret i. Men efter gambling "stoppe" faldte den helt vanvittigt i pris. :(

Still looking for this. ?
