Thread: [Logo for a club? Looking for examples](#)

Dax - November 7, 2016, 10:32 am

If you're bored, sitting in front of your computer, listening to music.. Make a quick logo for a club named Johnny Brown. I need it for my Collage Party Project.

Here's my example:

<http://prntscr.com/d4atdl>

Maybe add a man, with a cigar, profiled, or something, you have a wide open field.

Thanks! :)
