Thread: [Cambar = Nysta | UID: 1494170 & 2044944 | DEAL WITH CAUTION!](#)

Flexity - November 7, 2016, 3:13 pm

Hello,

Profile of Cambar: [click here](#)

Profile of Nysta: [Click here](#)

So yet this fool has been selling his "private" method to earn 250\$ a day which is completely bullshit and public. I won't give you the ebook so don't bother, but I am going to proof that Cambar is Nysta, as I have seen people saying it's him but with no proof so after looking at Nysta his account I found something suprising. Just trying to notify the community about this moron, let's get right into this.

So as you all probably know, he is selling an ebook, it has some youtube video's in it, one made by him where he explains a part of the ebook.

Here is an screenshot of the video;

<http://prntscr.com/d4ehia>

As you can see, just an simple video. But now let's take a look at his uploads.

<http://prntscr.com/d4ei3h>

You can see an upload about his bank despotis regarding to 'income pilot'

Now let's take a look at the thread posted on his account Nysta about income pilot

<http://prntscr.com/d4ein1> (in case he deletes the video)

<https://hackforums.net/showthread.php?tid=5330162> (thread of Nysta)

HE DELETED THE VIDEO! LOOK AT THE SCREENS!

Only thing I can say is that you have to avoid this guy at any cost. DEAL WITH CAUTION!

Regards,
Flexity

Eh, I'm not too concerned about the \$30.

I just want to make sure that nobody else gives their hard-earned money to this money hungry child. If I can save one person's time and money, than I am happy.

Vouch for this report, I want to state Cambar is most likely Nysta, as I used to work for Nysta before he was banned, things were well, but Cambar magically appeared out of no where, and asked for services that I was not advertising, but simply the same services I was originally performing for Nysta.

He also said something to me on Skype that hinted to me he is a multi or he is Nysta, would be hard to explain what he said that hints he's a multi who has hired me in the past.

Exactly, he was very nice and persuasive and responded so quickly to my PMs I was shocked.

The second I clicked that "Buy Now" button and asked for support, he was the weakest salesman and customer service representative I've ever encountered in my whole life.

I was so bored one night he was ignoring me so i sat on his profile and literally watched him PM people, thinking I would be next eventually. He signed off and the next day his excuse was "its called going afk mate lol." or some shit a long those lines.

So yet this fool has been selling his "private" method to earn 250\$ a day which is completely bullshit and public. I won't give you the ebook so don't bother, but I am going to proof that Cambar is Nysta, as I have seen people saying it's him but with no proof so after looking at Nysta his account I found something suprising. Just trying to notify the community about this moron, let's get right into this.

So as you all probably know, he is selling an ebook, it has some youtube video's in it, one made by him where he explains a part of the ebook.

Here is an screenshot of the video;

As you can see, just an simple video. But now let's take a look at his uploads.

You can see an upload about his bank despotis regarding to 'income pilot'

Now let's take a look at the thread posted on his account Nysta about income pilot

Just chargeback your payment and write a bad review about his business.

In the future, you should read the reviews and check the reputation of the seller before purchasing.

Sorry that this had to happen to you. ?

That's what I'm in the process of doing with my bank. I have to call them tomorrow. Thanks for the advice though! :) Much appreciated.

You're gonna have to tell them that your card information was compromised and you have no knowledge about the charge at all.

If you tell them you paid for it and it's not as described, they won't dispute it. Also, if you tell them your brother/family member took your card and bought it, they still won't dispute it; they'll dismiss it as "friendly fraud" and tell you to discuss the matters with whatever family member compromised your card.

Good luck! ?

I basically just did as note; "His service was not as good as he says it was" and I got refunded in 2 weeks or so, they will just refund you with eyes closed. They will probably refund faster as a lot of people probably refunded money.
