Thread: [The TRUTH about most User-Bars revealed!](#)

The Illusionist - November 9, 2016, 3:24 pm

#Doge, designer of most of the current group User-Bars has shared some details about his inspiration and what the User-Bars really represent.

These are direct quotes from #Doge;

"If you look carefully, each one of the ub's are a visual manifestation of either a vagina or a penis or a boob."

Nightmare:

"An ivory beauty of legs spread open with a penis about to plow it a rather, rough and prickly penis that is."

Riptide:

"A metaphor for a hand about to clasp on a single boob."

Arcane:

"A single boob, if you look closely, you'll find a nipple."

Synergy:

"Is a vagina."

Legends:

"A view from when you look under a standing man. The red gem is a symbol for anus."

Enigma:

"Well, enigma is a glorious cock."

"An entertainer who performs homosexual tricks where objects seem to appear inside their orifices and then disappear."

I'm still waiting for Doge to turn that into a user-bar for me.
