if your using outdated browser it says that !

and yes we are dealing with safari browser , components not working as supposed

ahishdi28 - November 11, 2016, 2:40 pm

The site looks cool, gl with this one OP ;)

B?ker - November 13, 2016, 11:35 am

It takes a good minute to load, I would try and fix the load time tbh op over nice, I dislike the font you used for hair care, etc.

Azurio - November 13, 2016, 11:47 am

Looks very nice and well designed sir! keep up the good work!!

my client , was asking me to make a public feedback and this so far is good

thanks !!!

Not bad, although I did get a pop up saying it's not supported on Safari. So you do know that a lot of the population uses iPhone correct. That's something you should look into and make sure it is cross platform every thing
