So i was thinking about upgrading for a birthday treat (18th December) but money is tight at the moment and i owe quite a bit, is it worth it. I've always fancied a name change.

You owe me a fucking dildo in the ass.

Happy 20th by the way

Yeah you should upgrade if you can afford it. Not very expensive.

Happy birthday! You seem like an alright guy - so here you go:

Enjoy your Leet and the rest of your birthday man.

Edit: Just read your post and saw your birthday isn't until December? Enjoy the early birthday present then!
