This guy.. -.-

First off all, he gave me the download link after 1 day the download wasn't any more working. And in the time it was working, I asked questions and he ignores me all the time.. And what i saw (in the method) all of the stuff you can 'make money' off where not 100% possible or illigal.

1 week later and still didn't have my download (method) or made any money.

I also payed 10 dollars more for support but he ignores me on Skype, and posts still on this forum.

So i warend you guys.

Post this in the DD section and with the proper format, that includes screenshots of PMs and the transaction.

It's to be expected from some cunt who gets fake rep and fake vouches on all of his pages. Sucks that users on here don't have it in themselves to neg blatant con artists.

Quactus - November 13, 2016, 2:24 pm

Oh I don't have rep.. so what now hh?

Because his thread was very popular.

When he saw that I find out it was just 50% chance to make money and that it was illegal,

my download wasnt working anymore and he ignored me.

true shit

imo its sad that these "money methods" are even allowed, and that there is no action against obvious fake vouches

Quactus - November 13, 2016, 2:57 pm

Thanks mate it feels very bad, the 'dreams' (stuff i want to buy) I had if it was working..
So yeah I want to warn others..

Have a good day brothers!

Dox4Life - November 13, 2016, 3:07 pm

Best advice i would give you is get a regular job and use some of the money making schemes as a side job kind of thing. It makes it easier if your not stressing over money anyway but hopefully this gets resolved

Quactus - November 13, 2016, 3:14 pm

Thanks man! good advice.

I hope also, have a good day.

DontWorryBeHappy - November 13, 2016, 3:59 pm

all i know is that you have to deal with extreme caution with online deals and ebooks esp but you have to pay attention to fake vouches and such
but you should post in deal disputes like the other linked you to

Herodionus - November 13, 2016, 4:01 pm

Herodinous, also screens on his topic seems legit.
But i discovered something and now he is ignoring me.

There is something wrong with the method.
I think when I said that It wasn't legit i dont know.

My download wasnt working anymore and he don't want to help me. So 50 dollars are gone..
