How do I get invited if its invite only? I dont want to spam leaders/owners, I dont want to spam on this thread and beg for invite. I post this because I think the userbar and the thread looks dope as fk and I am curious about what the new Engima is.

I know most owners/leaders get pissed off when they get questions about invites.

Oh... my eyes...
the ability to throat-punch has officially Been initiated..

I had some wanna be marine at the airport try calling me out for stolen valor just because I was on

PCS orders to transfer to a new base and I had to report in uniform.

He harassed me constantly until I left on my flight. Turns out I was more important than his own flight and blamed me for missing his, kinda got a good laugh out of it
