why the fuck should I give Trump a chance after this? After he literally just promoted a White Supremacist to be chief strategist

<http://www.nytimes.com/2016/11/14/us/politics/reince-priebus-chief-of-staff-donald-trump.html>

Riyu - November 13, 2016, 9:03 pm

Because there's nothing you can do besides support him?

This is also coming from someone who didn't even vote for him.

SoyNuevo - November 13, 2016, 9:04 pm

What are you going to do, riot? I don't get it

This basically. What are you going to do about it? You going to single-handedly make him not President? You might as well get behind your President and hope the country doesn't go to shit.

Ice Poseidon - November 13, 2016, 9:06 pm

You have been fooled into believing that YOU choose the president. Wrong!

Glyco - November 13, 2016, 9:12 pm

I am asking this because on my twitter feed people are suggesting me and likes of me to give him a chance.

nutsaholic - November 13, 2016, 9:14 pm

Well, you should give him a chance because he is the next president come January? It isn't really a question lmao, if you don't want to give him a chance go riot like those animals or move to Canada

You don't really have a choice.

BR?ND?N - November 13, 2016, 9:17 pm

To all those saying you have no choice. I mean, if any of you motherfuckers are crazy enough to storm the lawn locked and loaded we have a choice.

Not inferring we assassinate a president feds, calm down..heh..heh heh

Ash Ketchum - November 13, 2016, 9:21 pm

just because of someones beliefs, doesn't take away from their capability to do well in their position?
like you can all call trump dumb as well but he turned a million dollars into nearly 4 billion, he manipulated the media to get attention and it got him into office i bet you he will do well and won't risk his own ass by putting people in positions they can't handle.

FamousHater - November 13, 2016, 9:22 pm

cause he is the president of the united states.

Profit ? - November 13, 2016, 9:23 pm

Because you can't change the fact that his going to be in office.

So just because their candidate lost they should riot in the streets?

Freedom of speech is different than fucking burning flags and robbing stores you idiot

Torc - November 14, 2016, 5:17 am

Reince Priebus isn't a white supremacist. Neither is Stephen Bannon. It's pretty sad that you relay lies to try to prove a false narrative.

lol, I'm almost 100% you'd not get over the fence..

Have you ever been to the actual white house? - Not to mention, that the President is rarely actually there and is mainly traveling all over the place.

"Freedom of speech" is rioting? No, it's being a cry baby moron who wants their way all the time. Simple. If you don't like the president, fucking move to Canada or wherever else.

Funny how most people claimed they'd do that and guess how many actually did? Barely any.

3 people jumped the fence and one even got to the front door within the past 2 or 3 years, so yeah, you could storm the building if you wanted too. The real issue is you'd never get inside before being mowed down by the secret service with machine guns. Not to mention, there are 4 snipers on the roof who watch all directions and could pick people off as they run up.

Mr Whiskey - November 14, 2016, 5:44 am

Because throwing a fit and crying isn't going to change the fact he will be president. Just because you don't like him doesn't mean the people don't.

Coon and Friends - November 14, 2016, 5:46 am

But do you think out of those 3 people they were the only ones who have ever tried my man? of course the news isn't going to go blasting "this person tried and failed" or some shit lol.

People fail to realize, rioting and all the other dumb bullshit that just makes other countries laugh at the cry baby bitches in our country that don't get their way does literally nothing.

What else are you gonna do besides join a retarded bunch of time wasting protesters who will never make a difference

SkullTraill - November 14, 2016, 6:21 am

Most reactions here make us laugh even more, most funny part is, you have no clue as to why we are laughing.

It's not the fact who won, why they won or lost and what is going to happen.

It's more like a thing that the voter (IF they voted at all) has in common with the one (s)he voted for.

It's like choosing if you are a dick or a pussy?

If you want to lap up everything someone says though, InfoWars is still a better source of information than CNN and the like.
