I'm well aware you're referring to the urban dictionary definition which is grammatically wrong.

Good luck and I suggest removing the 5+ leaked themes you have uploaded.

Actually the theme you just threatened to rip is mine, a DMCA Pro take down will be initiated if you are found using it.

Also your thread and post has been screen captured for evidence for DMCA and Hostgator.

Are OP even allowed to showcase his site? Isn't that only for uber member to do?

What's different about your forum than any other forum?

Twin Future - November 17, 2016, 8:43 pm

Well your theme isn't that bad but its not all that original either. I've seen many like it :L but good luck with your forum my dude.
