I sell some money on GTA V me and my friends have a little community that you can join on discord they are cheap and fast

We do free drops quite often. How ever you can't get drops if you are not in the discord

The leader of the community is PhenomFZ.

Since when?: for more than half a year.

Ban risk?: As every cheat , yes but they are minimal no report of ban since we do the drops.

Do free drops have risk?: Same as the paid one.

How much do you drops on the free one?: 2 to 3 Million.
