Thread: [\[NSFW\] 45mins quick vector art !](#)

igneous27 - November 15, 2016, 5:26 pm

Minimal style :) Hope you like it !

Nyxuo - November 15, 2016, 6:57 pm

But cheek looks a little weird. Everything else is on point. I see you don't really put to much detail in your hair from the vectors I've seen you post here. Maybe that's something you maybe want to try working on (unless you just don't like it and prefer your approach/style).

I think I can tell she's supposed to be sitting but the way you have the chair thing behind her maybe add a crease to it so it looks like she's sitting on it and not floating? But I get what you mean and you did a good job.

I see some serious potential here.

The first thing you need is to update your logo though.

It super distracting being so big and weird like that on your art.

the shading is good, I may have made a few different color choices but the rest is spot on.

You can draw. For 45 minutes work that is amazing. Do you do commissions?

Seeing this style everywhere. Do you use a free tool online when making these?

Regulus - November 24, 2016, 9:09 am

This is insane, especially for 45 minutes! Sure, there are flaws, but I'm sure none of us could do any better. If you had a longer time frame, I can't imagine what you could do.

Great work.

Illustration itself looks dope, however I don't like the lines you have added in the background on the right side it just ruins the composition imo. Keep it up mate. :)
