Thread: [FALCHION KNIFE 110% FADE](#)

jubilife - November 16, 2016, 2:39 pm

I would really like to sell my falchion knife fade for about 42-45 keys. It's 110% faded which is the highest fade a falchion knife can get. The float is 0.009. Here's a link to the knife if you wanna see it:
