I don't waste my time with digital games platforms and shit like steam - it's a terrible platform and if it ever went down you have signed a T&C saying you are responsible for ensuring you have a copy to play offline.

125 million use steam.
7.5 billion people in the world.
=0.16666666666666669% of people use steam.

Nice.

It's not a crime to post a server IP ?

Dredd - November 17, 2016, 3:45 am

(Nov 17, 2016 04:43 AM)Globaldealer Wrote: [\[CITE\]](#) It is. stress testing your own server is a federal crime.

Upstream + Crossfire

however your hits are so weak it won't even be considered a ddos

hmu on pm

I never said I was going to stress test a server you're making claims and not posting proof of anything.

Ash Ketchum - November 17, 2016, 3:45 am

stop being shit cunts and hit the man up on steam his vpn is godlike

PMd you for your steam. lil beetch

Pow3r - November 17, 2016, 4:19 am

Sounds to me like OP wants a server taken down under the pretence that it is his. Very little innovation in the field of mongtards at HF since '08 it has to be said...

Dredd - November 17, 2016, 4:20 am

Wtf happened here the OP has disappeared and now Mr. Robot is OP?????

And this post is on the second page not the 3thrd.

HF bug???

Mr. Robot - November 17, 2016, 4:20 am
