Thread: [\[Regular members\] Get 1 paid font for free \[Fontshop\] \(10 people only\)](#)

Getting one font of choice for free for you from [Fontshop](#)

This is for regular members only because you upgraded nerds already get a lot of free crap here

All leet /uber posts are ignored

First 10 people only (process to get them is boring as fuck so can't be bothered doing an unlimited service)

Note that some fonts can't be grabbed for free, here's how to make sure you have a font I can get for you:

Click me [\(Click to View\)](#)

Kindly post your font link and tell me which font styles you want from the family (preferably less than 3):

Click me [\(Click to View\)](#)

Will close the thread whenever I come back and I see 10 people have posted

I'll PM you the font

People who posted after the first 10 people get nothing sorry perhaps another time

Could I get this too because I'm HQ?

Aveling - November 17, 2016, 11:31 am

I would like to have this, thank you in advance. I really appreciate it that you give stuff back to the non-upgraded forum family.

Let's go crazy, I allow you to pick a random font for me!

Vouch! I've received the font.

I actually like the fact that you made it regular members only, that's very nice!
Good luck with this, keep up the good work.

From the hints you gave, I learned how to do it myself. Thank you for teaching me something new
OP!
