Anything under 5 posts per day is \$1/bitcoin for the week. I pay from viewing your PPD on your profile.

Your payout is at the end of the week, when the signature expires unless you are more trusted than me.

Everyone else, name your price.

Riyu - November 17, 2016, 6:45 pm

What would you offer for mine?

\$5 is my offer. My posts per day is low at the moment because I've been a bit inactive lately due to university. But now it's over and I'm back.

I'm making around 40 posts minimum a day these days. You may even keep track on my posts for a couple of days before you decide.

Also, I've been wearing your signature already for the past month or so because I entered your contest. XD Coincidence?

Varane - November 17, 2016, 6:55 pm

OP just purchased my signature, thank you.
