Thread: [Scammed by Realest. 75\\$ paypal \(uid=3169788 \)](#)

Wanted to warn the community about this guy

Realest.

<https://hackforums.net/member.php?action=profile&uid=3169788>

when i sent him the \$\$ he didn't have any reports or disputes and rep with 150

so i thought he's trusted here is a pic of the conversation

<https://i.gyazo.com/9dcaa4b305675d2ab300d35bb77b82d7.png>

here is a proof of the payment i sent

<https://i.gyazo.com/3ff0338924fd5bfa6b2e5fa7904c481d.png>

and i got nothing from him kept sending him messages and warning him and he didn't reply

i am gonna open a chargeback on paypal i hope it works never done that before and not sure if it will affect my acc but can't let him get away with it

be careful of that guy he's a scammer he built the reputation and then just scammed different people 2 or 3 people at the same day

Prophett - November 19, 2016, 3:12 am

That's unfortunate. Always use a middleman or deal with reputable users.

Didn't you see the two reps below yours? Seems like a legitimate report. Sorry for your loss, OP. Hopefully PayPal will find the case in your favour.

Probably exit scamming. Did you send the funds as Friends and Family or as Goods and Services?

I am fixing all my reports and doing the right thing now. Go check my other report. I paid the guy his money + 20\$. Wait a day and you'll see that this is gonna be marked as resolved.
