Thread: [\[Official\] Notorious - Competitive Gaming Recruitment #1 \(EU\)](#)

Lufasu - November 20, 2016, 11:03 am

Notorious Recruitment #1

Turn your face to the sun and the shadows fall behind you.

Subforum Icon:

Group Userbar:

This recruitment is for competitive gaming only, which means you have to be ONLINE and ACTIVE. You will be a part of our official gaming clan, which is why, you need to be a dedicated competitive player.

This is not a normal gaming sector, in which, all you need to do is discuss about gaming. This is an actual team that I will be building over 2-3 games in the near future.

We'll be participating in tournaments - both on HF (if any) and on other website(s); and more events in the near future, that I'll probably host.

I'm not searching for the best players with the best skills in solo, but I'm searching for the players that can actually play as a team, be active and serious about the clan when needed.

At the moment, we're recruiting for Overwatch and League of Legends. All the details that are required are in the application form below and I'll check the applications frequently. If you are selected, I'll PM you with a few questions.

The following ranks are the ones that you need to have in order to be recruited, although there might be exceptions if deemed necessary.

Overwatch - Gold / Plat

League of legends - Bronze / Silver

Requirements:

We are accepting applications for a limited period of time, and the general requirements for this are as follows: You have been a registered member of HackForums for atleast a month.

You don't have any open and valid scam reports against you.

You are willing to participate in group activities.

No flaming of members.
Being active and dedicated
Being friendly and funny?
Being a serious

User background and other activities will also be checked before you are recruited into our group.

We are looking for a small amount of competitive players for the games Overwatch and League of Legends for the server region: EU

The recruited players will form a small but effective team for competitive matches and tournaments.

Why do you want to join our competitive team?:I am a very seasoned player when it comes to league. I have been in teams before 2014 -> 2015. Right now I have not played league one month, and I just came back. I found this a great opportunity for me to have find joy and play more league. Note: I realize that this application is for EU players, but I'd be willing to make an EU account and see how my ping would do there. If there is ever an NA competitive team to be created, well here is my application! :)

<https://hackforums.net/member.php?action=profile&uid=2245933> Age:18

Country and Time Zone:US, EST. Your main role (adc,support,top,jung,mid): Haven't played in a while, but I am very versatile and willing to play any role. Ex-diamond player just by playing in meta, and I got two accounts to plat 1 this season with minimal play (due to college). One of which was solely a draven main (got plat 1 in less than 50 games), and my other was diamond so it got placed into platinum. I was considered by many challenger/master material during my peak times.

Why do you want to join our competitive team?:I'm really good at League of Legends and it'd be fun

to get to know a group of individuals to play. Additionally, I need to loosen up from my college work and find a way to enjoy myself. In closing, joining this group would provide myself (amongst others) the opportunity to build friendship and teamwork capabilities, both which are necessary for success in the gaming community and real world. How active and dedicated are you?: Here's the thing, although I may not be the most active participant in the group, I will strive my hardest to allow for time to join the team. I'd love to be a an active member, and, if not, I could always be a sub due to my skill level.

Thank you,
Guardians ?

Since my csgo is unranked because i setup a new steam account which is going to be my main.

The account is unranked and dont even have the option to make a prime until level 21.

So i need to think how i manage this.

Support Why do you want to join our competitive team?: I have been playing League of Legends for quite a while now, since early season 2.

I have always been following the (na) pro scene to learn. Around season 4 I have played in multiple small communities and liked it very much.

And that is what i want to do again.

I was always very committed to the team brought some ideas and made training schedules and played in a few LAN tournaments (around 1000 people).

Because I liked this so much I would like to join Notorious and be a part of Notorious competitive gaming. How active and dedicated are you?: I have always been an active/dedicated player. At the moment I'm pretty busy and still play 3 hours a day during the week. (Monday-Friday) And in the weekend I play around 7 hours a day.

I would like to share my game knowledge and play in a team.

My LoL achievements:

Season 2 - Gold

Season 3 - Platinum / 3v3 team was also Diamond

Season 4 - Diamond / 5v5 team was also Diamond / 3v3 team was also Diamond. Some online tournaments top 4. LAN tournaments 2/2 out of groups (once won first round after that)

Season 5 - Platinum (I took a 6 months break and played HearthStone. Got to diamond early season)

Season 6 - Gold 1 (Also got diamond early in the season)

I had really bad internet and stopped playing this season for around 7 months and got demoted again. 1 week before the season ended my internet finally got fixed. But no time to get diamond again.

If there is something more you need to know or that you want to know about me, you can always private message me.
