"VOUCH FOR MY BOI Really nice ebook would really vouch!"

ScorpionOfWar - November 22, 2016, 8:02 am

[Read only]

[8/10]

The whole E-Book is very good! It has an awesome structure in my opinion and its easy to read. There are not many pictures in there but to be honest you cant really use that many pictures for something like this, so its no problem.

[6.5/10]

25\$ might be a bit expensive but you can make that money back easily! So you shouldnt mind paying 25\$ for this E-Book!

[6/10]

The design is meh. Its an informative text but not that many pictures etc...

Recieved a vouch copy. It's detailed enough to consider yourself semi-spoonfed imo. He also included some cool extras which can boost whatever you are setting up. 8/10

Mizzy - November 27, 2016, 10:13 am

Got a vouch copy , its not bad.Its explained very good.

Has a good understanding text , its not hard to read it.

He is telling the truth , how he started.

25\$ you may think its too much , but i think you will make them back fast.

BITCHLESS - November 27, 2016, 10:24 am

I got a vouch copy. It's not ebook which shows you how to make 3k\$ per day on autopilot. Ebook shows you how to start own bussnies. Everything is in your hand.

It's interesting ebook, but not for 25\$

The owner of this eBook was nice enough to give me a vouch copy in exchange for review for anyone who is interested in purchasing this eBook. This eBook is organized into 3 different documents. All three are extremely well thought out and written by the author. I really enjoyed reading the first 2 sections as they gave me some info on how search engines work and how they can be used to your advantage in many different situations. The second document mainly consisted

of tips and tricks for search engines and I tested a few on a personal project I have been working on and it worked extremely well. The third and final document was extremely detailed and made even myself think about business in a different light than when I had first started. In my opinion this eBook is a must have for any people who wish to begin their own business.

Pain - December 1, 2016, 3:24 pm

Well I got a vouch copy and going to be honest. It was a bit confusing as we have to message him a code to get more info so I really don't know what that will explain. But, from what i saw it motivates you and shows you what business is write. It did have a lot of definitions which were not really necessary, felt like I was listening to Tai Lopez. But it was pretty good glws.
