Bokusatsu Tenshi Dokuro-chan

Synopsis (Courtesy of MAL):

Spoiler [\(Click to View\)](#) In the future, a junior high student, Kusakabe Sakura, will offend God by inventing immortality so that women will stop aging after they turn twelve. Dokuro-chan is an angel from the future sent to kill him. However, Dokuro-chan thinks that Sakura can be spared, so her idea is to constantly occupy Sakura so that he will never be able to invent the technology. Sometimes the angel will go crazy and kill him with her bat, Excalibolg, but she can revive him easily.

There really isn't too much to say concerning this anime. Its a short, quirky ecchi with the plot really only concerning itself with an "angel" that continuously kills the guy she is trying to protect whenever jealousy or anything silly occurs. Art wise it is decent, but overall not an amazing anime. If you have 2 hours to kill and want a few laughs or raised eyebrows then this is the anime for you ;)
