skype proof, his account was not hacked. he is ignoring my PM's on HF

Spoiler [\(Click to View\)](#)

to prove that he is blanking me

Spoiler [\(Click to View\)](#)

date of me sending the pm --> 11-15-2016

data of his last login --> 11-23-2016

I really don't know how to format this but the story was, someone bought my crypter source so I spent the money buying anti memory scan and a reFUD for the crypter (although the refud was not in the original deal, its just for a good gesture). then he just blanked me for two weeks.

amount involved : \$80

?

BITCHLESS - November 26, 2016, 2:49 am

Many people including me have dealed quite large amounts with him before, I was not expecting this from him.
