adonix - November 26, 2016, 6:03 am

:o Beautiful watch, what's the price and it's features ?

Viiikinki - November 26, 2016, 6:06 am

That's dope!

But personally i like leather band more.

Like Tommy Hilfiger Alden and Emporio Armani Connected watch.

For Omega i like moonwatch.

We'd love to see a post on reddit.com/r/watches if you are a reddit user!

It's a very nice watch and a decent fit for your wrist. :)

S550 Coupe - November 27, 2016, 10:20 pm

Cheers! I truly love omega. I really want a seamaster. Might get one sooner or later

Vittorio - November 27, 2016, 10:21 pm

Not suppose to wear a watch on the right hand, old heads will look At you funny. Not sure why this is a rule but it is what it is.

Kill Joy - November 27, 2016, 11:00 pm

To all the people saying he wears it on the wrong wrist... A lot of people do it so the crown isn't digging into their wrist.

Usually true, it's common to wear on the opposite wrist of the hand you write with usually too.

OP, Omegas are amazing watches imho. I just feel like they should make their watches more aesthetically pleasing for the price. Great watch though!

gas66 - November 27, 2016, 11:16 pm

Fuck i ain't a watch expert but these kind of watches are so shit imo... I like the leather ones, these are too old school, you'd expect 50 year old to wear them... This shit uglier than a motherfucker!

No need to hate on someone who has different tastes than you.

I prefer leather bands too, but I still have a nice metal Fossil and I want to buy a Seiko next. Check out my Hamilton: <https://imgur.com/gallery/e7Fbf>

Fruitcake - November 27, 2016, 11:28 pm

Looks good on you dont wear that jacket though

Kill Joy - November 27, 2016, 11:30 pm

@OP Does it have a clear casing in the bottom?

pcanningg - November 28, 2016, 12:11 am

You bought an Omega on the internet? Hmmm doesn't seem legit to me. Also for everyone asking why people wear watches on whatever side; you should wear a watch on your weak hand, the reason for this is because way back in the olden days watches needed to be winded up everyday and it was pretty tough to do so, that's why you wear it on your bad hand

kpown - November 29, 2016, 10:42 am

Wow man. That's a nice watch! What did you pay? 2-3k? Impressive!

Personally I would have waited a bit longer and bought a Rolex submariner. My personal favorite watch. I hope I get one some day!

Anyways I'm glad you are happy with the purchase

Strictly - November 29, 2016, 10:47 am

Thats looks like a sick watch. I'm planning on getting a rolex soon.

SIM-1096442 - November 29, 2016, 11:15 am

Not a big fan of the looks, but congratulations ;p. I've always worn my watches on the left hand just because I found it uncomfortable when I'm on a desk and have to write/type anything haha

dropthebeat23 - November 29, 2016, 9:58 pm

Love the watch man, it looks great! Congratulations.

2073436 - November 30, 2016, 6:00 am

You didn't know it was on the wrong hand? You bought a luxury watch but you didn't know how to ..

Anyways, that's a sick watch!

pop.pop.ret - November 30, 2016, 6:06 am

Glad this isn't a rolex. They're so overrated. I wear breitling personally but I've got a nice omega too

Craymer - November 30, 2016, 12:15 pm

I thought it always depended on whether you were right or left handed (If you're right handed, you wear it on your left wrist, if left handed you wear it on right wrist). Might have just made that up but I dunno lol.

zSerity - December 1, 2016, 2:09 pm

Nice watch how much did it run you?

Isidar - December 1, 2016, 2:22 pm

I always thought it was because the majority of people are right handed, so if you wear your watch
on the left the likelihood is there'll be less tear and less chance of you breaking it.

I heard it shows you're gay if you wear it on the right.

Yeah I heard this too. Most females wear their watch on their right hand, while males wear it on the
left.

EricCartmanGO - December 2, 2016, 9:27 am

Looks nice mate, link to where you bought it from?

Was going to nag about the wrong hand until you edited your thread.

wit - December 2, 2016, 9:28 am

SOS. - December 2, 2016, 11:32 am
