Thread: [Classified \(UID-2509215\) | Proxy Selling for Scammer Nysta | Possibly Compromised](#)

Gluteus Maximus - November 26, 2016, 11:38 am

So, since Nysta's new account [Cambar/\\$lim Yola](#) account's rep is tarnished and cannot post in the marketplace he hired or possibly bought [Classified™](#)'s account to advertise his eBook.

EDIT:

proxy selling is allowed now

Riyu - November 26, 2016, 12:01 pm

It doesn't look like classified is compromised. Also proxy selling is allowed so Cambar is doing nothing wrong.

Yeah but he can't proxy sell for a scammer.

Purple Kief - November 26, 2016, 12:06 pm

Proxy selling is now allowed.

Egregious Jr. - November 26, 2016, 3:32 pm

It's allowed. Only reason it was disallowed in the first place was to prevent proxy selling in SST.

Deathy - November 26, 2016, 3:50 pm

It's allowed, also he doesn't look compromised.

Nonetheless he's selling for a member who's known to scam so it's still nice to know.

I too know that it is allowed. My main point here, that he is proxy selling for a proven scammer and multi accounted.

I'm just warning the community here, so that they don't buy that product.
