Thread: [Gmail information](#)

ludex777 - November 26, 2016, 5:23 pm

Hello everyone! I need to reset one gmail password and I have one information but the problem is with gmail that you need to know when was email created. Can someone help me with this please or tell me how to find out when was some gmail created month and year... I would be happy for any kind of help. Thanks

IF they have a youtube channel, you could get some ideas because it says when YT channel was created, could be the same time they created their email-.
