Thread: [\[ONLY \\$2\]\[BTC\] ElegantThemes Wordpress Themes // Drag & Drop Builders // 87 Themes](#)

Creative Cloud - November 27, 2016, 8:51 am

Selling the wordpress themes found at <https://www.elegantthemes.com>

\$2 BTC per theme, 3 for \$5 or the full library for \$12.50.

All files coming straight from their website with my lifetime subscription, and I can provide the PSD files for an extra \$1 if you require them.

All files you will receive will be the most up-to-date version.

Divi & Extra come with Drag & Drop builders so there is no previous theming knowledge required to use them.

Also selling the Divi Drag & Drop builder plugin that works with most themes out there for \$5. LMK if you want this.

HMU ?

Examples of their themes:

This is one of the most insane of all time! I've just got mine and I'm jumping like crazy so happy! Rated 5/5.

Personal opinion on this service is a 10/10. So cheap compared to the initial price.
BIG VOUCH FOR CREATIVE.
