Are you providing any vouch copies?

RamenField - November 28, 2016, 4:13 pm

No we are not, I believe this ebook is too high quality to give away even one vouch copy. If people don't see results and we don't get good feedback, then I'll look into giving out a vouch copy.

Looks like Nysta has more accounts than I originally thought. I will keep shitting on this thread until all of nysta's accounts are banned.

Agreed he went too far then.

But it's honestly a joke how Cambar is able to make sales through other accounts, proxy selling is fine, I know, but Cambar/Nysta is a scammer and multi..

RamenField - November 29, 2016, 8:03 pm

I'll probably get this when I get paid. Looks really good.
