Thread: [Nysta back at it again?](#)

Deathy - November 28, 2016, 5:22 pm

I don't really know what to say, if this is all just a misunderstanding, I'll gladly junk.

This thread: <https://hackforums.net/showthread.php?tid=5478459>

Was wondering if he'd be willing to let me test his bulletproof Bustabit method, considering the majority of them are bullshit, then I noticed all of the support contact information is Nysta's, not gonna bother gathering a shit ton of evidence because we all know it's him.

Just search his Skype:

<https://hackforums.net/search.php?action=results&sid=d41c6bc5693069a69aeb0c8baadad601&sortby=lastpost&order=desc>

Doesn't look like this is his only account, lmao.

As soon as I called him out, his multi negs me.

Hiiii Nysta

IPIKIN - November 28, 2016, 6:40 pm

Thanks for the heads up man, I was looking at his recent post about bustabit but I guess I'll avoid it now. Thank you for being ever so vigilant

Don't Use Rocketr is Nysta.

Incapability is probably just selling for Nysta, which is a bannable offense. Make him aware of this thread and he'll probably stop doing it.

I thought proxy selling is allowed since recently. Not trying to defend though.

I stand corrected. I never saw that update. My last 2 posts shall now be considered bullshit and wrong.

This. Incapability is selling for someone else, he told me this over through Skype as I pointed this out yesterday. He said it was allowed though, not sure what the rule on Proxy selling is.

Proxy selling for a non upgraded member in the Premium Sellers Section is a short ban or a warning.

Proxy selling for a closed or banned member is a much more severe ban and potential loss of rights to sell in Premium Sellers Section ever again (not sure if Omni still does the 2nd part).

Proxy selling is now allowed, ever since sst was shut down.

Good to know, thank you. I'll see if I can tell Incapability this on Skype if he's online.

Another "bulletproof bustabit method". Allowing deception to that degree damages the marketplace.

Cambar isn't even nysta lmao, wasn't there an investigation and they found nothin?

He sits in our Skype group chat and doesn't deny it. I think you and I both know it's him.

Idk, he was a sketchy user. It's still fair to warn others that he's indirectly making sales on this forum again.

And to everyone stating that proxy selling is allowed, go pat yourselves on the back, that's not the fucking point I'm trying to prove here.

Cambar has been proven to be Nysta, check KoH's rep on him.. Nysta is a known scammer and is currently banned.

Users should know who they're actually going to be getting support from.

There was a load of beef involving Nysta in there about an hour ago.

[3:35:15 AM] joe/Incapability: You tryna start a war nigga

Lmao.

Pretty sure proxy selling for a banned member is still against the rules but I guess it would be hard to pin point as they could just say they purchased the resale rights since the person got banned.

pnda - November 28, 2016, 7:46 pm

He also goes around negging people when they call him out. Not a huge deal, but it is petty.

I simply stated that the thread he made in the lounge was spam and LQ, so he negged me. He knew I couldn't do anything back, such as leave a neutral/neg on him.

Edit: Also, good thread OP. I feel that you are onto something.

Deathy - November 28, 2016, 7:48 pm

Okay, go take a look at a few of Incapability's sales threads, whenever you go to purchase you're taken to the HexPay link, and who's the seller?

You guessed it..

Woah. If cambar gets banned for being nysta which he won't cause HSS not nysta, I'll close my threads, thank you.

Yup, legit report. You saw my other thread, it seems like he's paying other users or using other accounts to post fake payment proof.

minimalist - November 29, 2016, 1:34 pm

Incapability should get closed, deplorable behaviour.

Varane - November 29, 2016, 1:36 pm

That's not why I removed it. There is still no proof cambar is nysta. It was for a dispute between me and him.
