Moved thread because I like this subforum better. Old thread is [here](#).
>>Method for unlimited XBL codes!!<<

These methods are guarenteed to work! From using them for personal purposes to selling them for tons of profit. This method is well explained with lots of examples and sources. Buy today while still in stock!

[UPDATED AS OF 11/28/16]

The method is not 100% whitehat, but not 100% greyhat either!

[>>>>ONLY \\$7 BTC \(AUTOBUY\)<<<<<](#)

Bonus included if you ask. (Giftcard Method)

PM me for purchase or use autobuy!

Purchase today. I am thinking of limiting method to 10-15 users. That way the method works perfectly with no interuptions.

I like how it's well structured and straight to the point.

I have purchased previous gold methods and can say that this is completely unique.

OP provides additional tips to make full use of this method; some are restricted but others aren't.

This method requires time. However, after a few attempts you are guaranteed a working redeemable code.

Do not hesitate to purchase this method! OP has my vouch,
Good luck with sales ?

As long as you aren't 100% retarded you can definitely get free Xbox gold because the method was easy to follow through with. He also goes through other scenarios if it doesn't go exactly to plan so this is pretty much fail proof. I received a vouch copy of this method and I must say I was fairly impressed with what I received. So without further ado lets begin.

Format - 7/10

The format itself was a little hard to follow, some important parts should be highlighted earlier in the method. Some text formatting such as bold and italics on key parts would help make it easier to read.

The Method - 8.5/10

The content itself I was fairly impressed with. He goes into detail, specifically stating what is required and he guides you through the steps. Personally, I do not own an Xbox, but I can definitely see that this works. The method requires effort, it's not autopilot, but once you get the hang of it, you can actually get a bunch of free live codes to sell or use for yourself. Nothing illegal is involved with this method, however as stated before, it could take some time to set it up.

Price - 9/10

Honestly for \$7 I can't argue with this method, you learn how to get an infinite amount of xbox live codes which are worth way more than your investment. \$7 is actually a perfect pricetag for this method.

Overall - 8.5/10

The method is very straightforward and it WORKS if you do it right. You won't always have a 100% success rate but if you keep trying you'll be high up there. For the simplicity and the price, this method is definitely worth it. The only suggestion I would make to OP is to fix the formatting a bit to make it easily readable.
