Want to show some proof instead of having us take your word for it?

Nice work op keep up the gains.

Fortified Design - December 5, 2016, 12:33 pm

I plan of making a Amazon affilite site and could make that ammount possibly in a couple months. Going to run off node js. I heard that If someone clicks your Amazon link if they buy a item within 6 months even if they are a existing member you could get from 5-10%. If that's true I would definitely make a site.

OP you have a affilite site?

Aliasllias - December 5, 2016, 12:34 pm

Maybe add some proof to the thread, instead of just words.

Windows 98 - December 5, 2016, 12:34 pm

Good work, man. I made around \$1,200 in the past 2 days or so with barely any work. Hopefully I had a few hundred to that today (already added \$400 to it)!

Edit: Don't use Amazon, though.

Damn dude, how did you do it?

Fostor - *October 20, 2017, 8:42 am*

I'm wanting to get into amazon properly, when I've got the money as I have a book of ideas that'll hopefully do well.

Pretty good bro, keep at it and watch those profits increase.

Sailorstripes - *November 2, 2017, 9:11 am*

Wow hope u can share the method eventually when you make the amount you are satisfied with
