Thread: [Lost auth code](#)

Lil Bibby_temp - November 30, 2016, 7:28 pm

Haven't been on Hf in awhile and got a new phone but when i redownloaded authy it showed I have not connected any accounts, I've tried sending a help message within the help area but that was like 4 months ago figured I might aswell try this too.

My uid is : 2229598
