Thread: [\[EVERYONE\] FREE & WEEKLY PRODUCT GIVEAWAY \[XMAS HOLIDAY SEASON 2016\]](#)

Sholi - December 1, 2016, 4:30 pm

It's that time of year people..

That's right, every week starting from today we will be giving out premium gifts for free at [Mr Guidee](#) !
(Don't worry, everything's paid for!)

This Week's Free Gift: [Cheat2Win - Card Edition](#) - Value \$9.99

Here's how to CLAIM THE GIFT

[On this section of the website](#) you will find a bunch of products that come without a price tag.

Add any product there to your CART and then go to your cart (<https://www.mrguidee.com/cart>) and you will be able to download your gift from there. Remember atleast 1 product needs to be in your cart in order for the gift to be activated!

NOTE

All I really ask from you is that you keep this thread alive all the way up to Christmas Eve (24 Dec)..

And I ask this not only because there will be more freebies but an active user during this giveaway will receive a cash prize or a product of his/her choice from our website that we will pay for.

Previous Gift(s)

[Viral Marketing \(Value \\$7.99\)](#)

[Beginner's Guide to Mastering PHP \(Value \\$4.99\)](#)

[Smart Affiliate Course \(Value \\$7.95\)](#)

Previous gifts are no longer available for free.
