Juicy - December 1, 2016, 5:15 pm

143 was by far the best group that has ever hit this site.

Great leaders, great people, and an overall good time to be in. I wasn't in pheonix so I dont know if it was the same.

I would love for daisy to come back and start the group up again.

For this aspect, yes. I wasn't around to see what the group actually did, but after reading the thread and finding this, this is the mentality i wish i saw more.

BR?ND?N - December 1, 2016, 5:17 pm

It would be really nice to see. I like groups with unique ideas and I dislike duplicate groups. So this is something I'd be a fan of. I also think I'd apply, very useful to be in a group like that.

Xaros - December 1, 2016, 5:19 pm

I really enjoyed 143, they were honestly one of my favorite groups.

I wasn't really around during Phoenix days, so I don't really remember them very much.

143 was fucking amazing, though, I remember how much that userbar actually meant.

Tokyo - December 1, 2016, 5:22 pm

I definitely remember 143 as one of the more elite groups to get into back in the days.

143 was nice group.

Phoenix userbar <3

Soulmate~?? - December 2, 2016, 9:40 am

I was around for 143 but not Phoenix so I'm not sure what it was about or if it was trying to copy Cody and Daisy's idea or whatever. I did like 143 a lot because it wasn't an innuendo group just genuine people trying to help without acting formal, showing their true kindness within their personality. If this was what Phoenix was about too I would love to see it again.

Redwall - December 2, 2016, 9:41 am

Never got to be part of the Pheonix even after continuous applications (Feelsbadman)

King Cin - December 2, 2016, 9:41 am

Empire was by far the best group to me, followed by 143. I'd like an Innuendo group again since I live there.

Perfect - December 4, 2016, 10:39 am

Well I was thinking about contacting Omni once I get the proper funds to do so thinking about putting 143 back on here..

Shhhh

Career - December 4, 2016, 10:45 am

Both Phoenix and 143 were amazing groups though I was never accepted. Would love to see 143 come back.

vRWN - December 4, 2016, 10:47 am

Let it come back and recruit me thx

Zink - December 4, 2016, 3:15 pm

143 was a really good group, the people in there were well managed and it was strict on the people they invite.

Xepher The Cat - December 4, 2016, 4:10 pm

I would like this. Phoenix was great. Everyone could open up and be civil about it.

Sejskaler - December 4, 2016, 4:16 pm

143 was a great group, it's one of the most family-like group I have ever been member of, and I still have contact with many of the members.

I would love to see a new group spreading love around, and helping around where needed. ^^

I was never in 143, but the idea of it was always so cute, you will never be able to replicate it.

Phoenix was meh.

A friendly group wouldn't be bad, but wont be the same.

Probably why Omboy won't allow it.

But he changed his mind about anime groups and look how autistic the forums got.

You have to ask for permission or have been a a leader pretty sure.

Effexion - May 21, 2017, 2:50 am

Phoenix wasn't really comparable to 143. I was in them both and 143 really did stick out whereas the Phoenix userbar turned into a clitoris userbar (every cunt had one).
