I can setup loki bot for you. its recovery is super sharp and neat.
you need to have cpanel ready for me to setup for you.

if you like it, you can send me some btc.

thanks.

Reaped me \$265

Passworded is a reaper. Don't deal with him. Reaped me \$265

Don't ever contact this fool. He is a reaper!
am sure you will edit this shit soon

Perkasa - August 11, 2017, 2:34 am

Passworded is a reaper. Scammed me of \$250. Please beware of him. Never trust anything he says.

Can you back that up with any proof? Please make a deal dispute if you feel Passworded has indeed scammed you.

He is a big ripper. Nothing to back up because the op will not even deny the accusation. He scorned me out of the same amount of money. He sells cracked HF products on other forums. Beware of this low-life smarty.
