Thread: [I am a multi-accounter; an earnest appeal.](#)

Scooter_2 - December 2, 2016, 10:11 am

Hi everyone,

I'm a multi-account. My original account, Scooter [UID: 361543], was closed over a year ago for criticizing Omniscient for not implementing a vouch system [TID: 4978459]. I'm requesting that my account be opened (if that's possible) on the basis that I'd like to apologize for my brashness. My only justification for creating that thread is that I was jaded, but I can see how the thread upset Omni. And for that, I'd like to apologize.

My original account, Scooter, has a lot of history behind it. I'm very proud of that account, and I'd like to continue using it if possible. I never scammed anyone, and enjoyed giving back to the HF community. Though that account now has a lot of negative reputation, I'm happy to work my way up back to positive reputation. If it's not possible for that account to be re-opened, am I allowed to continue using this account? Over the years, I enjoyed the HF community; if I use this account, I'd like to use it under the assurance that it won't randomly get banned (for me being a multi-account).

Take care and have a great holiday season,
Scooter

SkyClouds - December 2, 2016, 10:13 am

I hope that he will allow you. But as I think you'll just get closed accounts this is HF bunch of idiots is here who is probably going to report you now.

Indecisive enough - December 2, 2016, 10:14 am

Oh damn this the verified account guy, yo you still do the verified followers thing?

testpen101 - December 2, 2016, 10:15 am

It won't happen bud.

Consider this your new account.

Horizon - December 2, 2016, 10:16 am

I very much doubt Omni will go back on his decision, but best of luck ?

SkyClouds - December 2, 2016, 10:16 am

I don't think this is a fair ban <https://hackforums.net/showthread.php?tid=4978459>

Omni should think before banning people I'm not here to play cool or something but this is really unfair and sad. I hope you'll get your account back.

And I also understand why Omni banned you somehow, your thread you made against omni is very flippant.

I guess it's a 50/50 that he will open up your account or just close your account you just made.

You just acted like a jerk, just accept his work HF is alive because of Omni and not you bro.

It's actually a fair ban.

He was making fun of Omniscient in a way and acting like a jerk... I would of banned him my self as well. And would ban this account where his posting on now as well.

SmoothDollars - December 2, 2016, 10:19 am

Omni works hard to keep hackforums alive, your post was childish and disrespectful to his hard work. But it's mature of you to apologize, and I applaud you for that.

It's not a sincere apology, he just wants his account back..

Hope he gets banned on this one as well.

Evanescent - December 2, 2016, 10:24 am

I don't think he'll unban. Though you can compensate by donating for defaming his move.

Who Soup - December 2, 2016, 10:25 am

Unfortunately Omni doesn't re open closed accounts under any circumstance.

Scooter_2 - December 2, 2016, 10:25 am

You're correct in the sense that I do want my account back. However, I intended for this thread to be an apology as well. I read what I posted and I admit that it was terribly arrogant. I look back at some of the other posts I made, and I realize that they were extremely arrogant as well. I genuinely regret that, and I have since learned from it.

Nah, you've done this on every site you have ever been on scooter. Pv, NGU, here. Always come back and then its the same cycle. All because you are bored.

Eagle 95 - December 2, 2016, 10:36 am

There is a slight chance you might get unbanned but I read that thread you've posted, you gotta admit, Omni owned you big time.

He does but very very very rarely. If anything he will just be able to use his new account but that is a rare situation also.

VirtualFrost - December 2, 2016, 10:49 am

Closed accounts are permanent, I've only ever recently seen an account unbanned because it was a misunderstanding. This isn't in any way a misunderstanding, the most I see happening is Omni letting you keep this account your own now and starting over. He doesn't reopen accounts just from an apology.

SmoothDollars - December 2, 2016, 11:05 am

Interesting man, there's alot of drama going on here apparently, why don't we just all get along and talk about what matters..

Omni doesn't give a shit if a ban is fair or your opinion on a ban. Omni is the boss, Omni decides.

MaddMagoo - December 2, 2016, 11:18 am

I've just scanned your old account... personally I'd bite the bullet and start again. You may have history on that account but it doesn't look like a great one. You won't get the account open tho.. gotta give you dues for effort

Kubaa - December 2, 2016, 11:23 am

I will bet my account that omni will not let you have your old account back.

you must not be aware of Omni, Omni gives 0 fucks, Omni legit will ban ANY member without regret lol. Your thread was calling out Omni and he responded. I've seen omni do this for the past 7 years to many "high repped" members without even regret lol.

GG

Every time I say anything about Omni i'm always scared cause I don't know if he will close me or not. He is a scary man.

Arixs - December 2, 2016, 11:30 am

Dick. Your apology means nothing on account of you just wanting your account back. You wouldn't apologise if you weren't banned for that thread. Cheers to staying closed.

Kubaa - December 2, 2016, 11:40 am

Btw I did something similar and omni fucked me up, Omni is the last comment lol

lipuHF - December 2, 2016, 11:41 am

You had a slim chance of having your account back but that went out of the window when you decided to make this thread. You should have PM'd him, not call him out in public.

There's no way you're getting your account back now because if he accepted your apology and unbanned you, it would create a precedent and tomorrow there would be hundreds of threads like this.

Should have been smarter. Your fault mate.

I hope to never go through that again. ?

Bothering him like that will just make it worse, he'll either eventually reply or he wont

Obli - December 3, 2016, 1:33 pm

That's what happens when a dog barks at a lion.

Twin Future - December 3, 2016, 1:43 pm

One thing you have to realize is that this forum is owned by Omniscient, and he has every right to close anyone's account without a legitimate reason if he so desires. That's just how it goes. His thread was sort of mocking Omni which would've aggravated anyone really. You really just have to think before posting such things.

He sealed his own fate. I doubt you'll get your account back.

Heart - December 3, 2016, 2:16 pm

i remember when you got closed lol it was pretty funny

bugga - December 3, 2016, 8:31 pm

Omni has given chances to others in the past. You cant blame him closing some accounts but he has been known to give people the benefit of the doubt in the past, many people have came back from closed accounts. I frankly found you to be very aggressive and not very approachable. However, I'm not one to hold a grudge, nor do I wish anything bad on others as I find karma bites you on the ass pretty damn hard. I wish you luck with returning to HF and think its admiral that you are being honest and asking for a second chance rather then just making a second account and hoping for the best.

Truth - December 3, 2016, 8:39 pm

Lol, I remember that thread. Well, most multi's stay hidden. you kept it real. I actually repped you a year ago since I knew you keep it real man.

Kundra - December 4, 2016, 4:15 am

I'm really sorry for the loss of you're account. But I don't think Omni would help recover it if he personally closed it. Also I don't think an account with -94 reps would be worth recovering:/ Try to make the best out of your new account okay?

xVulnerable - December 4, 2016, 7:49 am

Hahaha good luck on getting your account back. First you mock Omni then you come 1 year later crying for your account back.

Should've thought twice before posting that thread to play mr cool guy.

Hexicidal - December 4, 2016, 7:02 pm

eightz - December 4, 2016, 7:43 pm

I hope you can get unbanned bro.

Good luck.

I love all these people posting trying to assume what Omni's decision is.

Mr. Robot - December 4, 2016, 7:51 pm

Omniscient isn't an asshole like some people try and claim he is.

I would recommend you send him a private PM as this is not a petition or community vote. You took the time to call him out on something that felt more in the thread like an insult and I understand both sides.

I personally hope you get your account back, obviously keeping the rko and moving on. I know you have history with that account and personally I would prefer if you got it back as it would stop you from making multiple accounts and not being able to keep track of who you are on here.

Please remember to be respectful to others and whatever happens from here on, it's Omnis forum and his decision.
