What's everyone's thoughts on this anime? I really wish they had a Season 2.

I did however see the trailers for an actual movie:

[Trailer 2](#) - Can't link more than 1 video in a thread so click this link for the 2nd trailer if you haven't seen it already.

Did they ever release the movie? I'm curious about seeing it honestly.

Yes they did, and it is actually a two part movie. Haven't seen it yet myself though.

Interesting, will have to keep an eye out for it. This along with the FMA LA is giving the impression they are finally starting to do better LAs

What would you want out of a second season, just wondering.

Just more enemies, types of parasites, etc. Kinda like what they did with Yu Yu Hakusho. Since he's now fully understanding his power, I think he would make an amazing 2nd season.

I saw both of the movies and I can tell you I was actually impressed. It's pretty good. It's nothing amazing but it's good, I liked it :)
