Melzik - January 14, 2017, 12:38 pm

Hi Guys!

I got many messages regarding my Refund Case with Henry and why I'm asking for a refund. Sorry,

I can't answer to your messages, yet.

Actually, the book contains saturated and old methods which, I believe and I'm pretty sure of, don't work anymore. It's very sad to take advantage of people's naivete to make money on it. Those methods are available free on the Web and they are not revolutionary.

You have to find your own method.

I'm looking for experienced IMers to trade methods. I'm making 180-250 \$ daily atm.

Respectfully.

And please Henry, just refund me.

What if I suck at video games and I have no pride in being good? I just want to goof around and I'm down to churn videos out often?

Is the goal to create a legit gaming channel? Or just a channel targeted at gamers to sell them or CPA them for all the things?
