ExiLeAO1 - December 27, 2017, 5:03 pm

Do u need there emails to get there info

ejshadow - December 28, 2017, 12:33 am

I'm quite interested in this but like as many others are asking, proof is needed. Post some video.

I highly doubt it's still working snce it needs captcha bypass and I don't see it being mentioned anywhere in the thread. The thread is 1 yr old so quite sure it doesn't work

hi_man - March 5, 2018, 8:34 am

I want to see the working of this tool. Does it bruteforce the accounts ?

Because I myself being a person from this field, need to confirm the working of this tool as I believe it uses bruteforcing attack.

Please the doubt. I am intrested in buying this :)
