Thread: [FOR YOU! CLEAN COPIES OF DARKCOMET](#)

Solar_Flare - December 5, 2016, 8:05 pm

Happy Holidays Friends!!

I was just going through some old backup's and found DC 4.2 and DC5 and thought I'd share em with you all!! "These are the original and clean copies of DC!!!!

*****FTP DL Link will expire in 24hr's!!

ENJOY!!!!???????

testpen101 - December 5, 2016, 8:07 pm

Can someone vouch for this?

F?cqle?? - December 5, 2016, 8:09 pm

Someone has to be stupid enough to download it while simultaneously being stupid enough to use Dark Comet.

So no.

So no.

I don't need it, the whole point is to warn other members not to do it.

spooky hacker - December 5, 2016, 8:10 pm

THANKS SO MUCH thanks for this want to rat my teacher for a prank LUL

testpen101 - December 5, 2016, 8:11 pm

They're both clean! Link will expire in 24hours!

Enjoy!

QU?CKSILVER - December 5, 2016, 8:23 pm

DarkComet is not safe anymore. This is worthless.

testpen101 - December 5, 2016, 8:23 pm

www.remoterewire.net

Enjoy!

DOWNLOAD AT YOUR OWN RISK!

Let's hope your teacher knows how to exploit a darkcomet stub.

Then you're fucked.

Ainaj - December 5, 2016, 9:31 pm

Downloading and investigating now.

Ehh, nothing interesting, does some funky stuff when you first start it, but nothing bad that I can see.

Still wouldn't trust it.

CichyCichoCiemny - December 5, 2016, 9:56 pm

Right.. OK... But, like, why would you?

Matt Bomer™ - December 5, 2016, 10:00 pm

I use DC the old update one, should I stop using it? I know it is clean.

Rhez - December 6, 2016, 3:53 am

Of course you must. It's not safe using an old, outdated, exploitable one.
