Alprazolam? - December 6, 2016, 8:24 pm

How does this prove shit? How do we know this is topkek? Please add more proof before the skype convo. Hope it gets resolved.

Parks - December 6, 2016, 8:24 pm

Did you ever confirm it was him via website?

J?son - December 6, 2016, 8:24 pm

Are you sure that's his actual skype?

M?xim - December 6, 2016, 8:25 pm

So.. no. Don't think that anyone at all will read this.

This wtf ^

why don't you kids deal on site

TopKekeroni - December 6, 2016, 8:27 pm

You should always confirm via a PM before you deal with someone that says they're me, he is an impostor. My only skype is kek.law

Cara Delevingne - December 6, 2016, 8:27 pm

You should try and add more proof. This does not really provide much evidence. Anyone can claim to be someone by simply saying they are someone and posting a little bit of information about them.

netjunkeez - December 6, 2016, 8:28 pm

this is the only conversation i have as proof.

Also this ^

Topkek is a very friendly and loyal Hack Forums user. You should ALWAYS confirm via PM on-site.

You know this guy by chance???

Your deal dispute lacks evidence. There is nothing here to go by other than a imposter claiming to be Topkek.

You can't really point fingers without solid evidence.

TopKekeroni - December 6, 2016, 8:32 pm

Sorry for your loss, but this is sort of your fault for not confirming via an HF PM. The guy you were talking to on skype clearly stated that he had over 300 rep, but I have over 1000 lol. Will make a thread about the Skype impostor when I get home so I can let people know and prevent stuff like this to happen in the future.

netjunkeez - December 6, 2016, 8:33 pm

ok im closing my account on hf. Thanks for everything.
