Thread: [\[Normal/L33t/Ub3r\] Free Gift Award ~Father MeshCollider](#)

**Ronan.** - December 7, 2016, 8:33 am

Seasons Greetings all!

I recently hosted a competition challenging you guys to crack a festive crypto-puzzle. Well, it's been broken.

Though, the winner isn't eligible for a gift award.

As per the terms of the thread, they've received their own stickied thread over here:

<https://hackforums.net/showthread.php?tid=5486982>

In the spirit of Christmas, we can't let that gift award go to waste.

Post below the reasons why you think you should be selected and Father MeshCollider will select a worthy winner. (100 words maximum)

You'll be notified via PM if you win and I'll hook you up with the festivities

Good luck!

Deadline: Dec 20th

**SIM-2015410** - December 7, 2016, 12:10 pm

Look forward to seeing some HQ entries, thank you for the honour of picking Ronan. ?

Checks out, 0.7% of posts are in this section.

Gotta take advantage of those freebies tho

**Prophett** - December 7, 2016, 12:21 pm

I think I should win because I have already contributed as much as possible to the forum, and to as many users as I can.

The following threads evidently show this:

<https://hackforums.net/showthread.php?tid=5472705>

<https://hackforums.net/showthread.php?tid=5482994>

<https://hackforums.net/showthread.php?tid=5471830>

<https://hackforums.net/showthread.php?tid=5469486>

I have only been here for a few months so I will definitely be contributing a lot more!

Another reason why I think I should be selected is because I'm very active.

I strive to keep my posts high quality, although I do take advantage when participating in member contents, which "Father MeshCollider" would agree with. ?

Nevertheless, thanks for the opportunity of obtaining my first award!

Best of luck to all members. ?

I contributed this to Hackforums, like last week. Pretty solid, even Medd vouched for it.

**wit** - December 7, 2016, 1:26 pm

I have been exchanging currency with users for some time now. I believe having this gift award will show i'm an accepted member of the community. Thank you!

**yoyoyo999** - December 8, 2016, 4:22 pm

I believe I should get the upgrade because I worked hard on that puzzle and attempted my best. But rather than giving up I persisted.

**SIM-2015410** - December 9, 2016, 12:45 am

Come on guys, lets see some more entries here ?

**?Dominate** - December 9, 2016, 12:51 am

My family doesn't celebrate Christmas, so it'll be great if I could receive a gift once in a while.

**Eagle 95** - December 9, 2016, 8:13 am

I help around forums, mainly in website, coding, monetizing & hardware sections. I can be seen in Rules, Announcements, News, and Feedback forum as well.

**?Anubis** - December 9, 2016, 12:59 pm

I think I am a friendly user and would be eligible for this giveaway.

**ka\$h** - December 9, 2016, 2:21 pm

I think I have done a decent amount of helping since my short few months here you can go through my rep/profile to see, I try to help whenever I can and it would be awesome if I could win something for once :D good luck to everyone.

**Crypto™** - December 9, 2016, 11:41 pm

I'm entering, even though I'm sure I don't deserve it, especially considering my recent activity (or lack thereof). Good to see that you're still around HF Mesh. I've really fallen out of touch with the community lately. Congrats on breaking the crypto challenge! (I've got a puzzle set I'm working on myself :P)

**ama** - December 9, 2016, 11:56 pm

I believe I deserve this award because it will be my first award and since I've been here at HF and I really do want one however I can't afford it.

Thanks. ?

**B?ker** - December 10, 2016, 12:05 am

I feel I deserve this because I'm always giving back to HF, in either giveaways or services but I love this place

**Dastoks** - December 10, 2016, 12:14 am

I've never been gifted here for anything and I'm quite along time in this community already, tried to contribute much but not havent gotten any in return, would LOVE to finally be awarded with the gift award..

**adonix** - December 10, 2016, 12:28 am

I guess i should be selected as a worthy winner because i believe in Jesus and trust in helping others.

**Horizon** - December 10, 2016, 7:55 am

I'd love this gift brother. I consider myself to be friendly and helpful where ever I can. To date I haven't had a bad word said about me as reflected on my reputation.

I'd love to receive this as my first award (besides Ub3r sapphire!), and what better time than Xmas! ?

EDIT - Just received Purple Clover on this post ?

**Hiper** - December 10, 2016, 8:15 am

Hey I would like to enter this giveaway! I only recently joined this forum however have been in the OG scene for almost a year.

I am very easy going guy and always help new members on other sites. If you pick me you know the award will be going to decent person and won't be a waste. It would be cool to win my first award on this site :)

Thanks for reading

For a greedy man like me, I wish if this could be my first award on hf.  
I hope I can explore more from this?

Anyway I appreciate both of you for this giveaway and let's see who is that lucky member?

**Fortunate** - December 11, 2016, 1:54 am

**Mr.Peanut VI** - December 11, 2016, 1:55 am

**Wyatt Garcia** - December 11, 2016, 5:05 am

I'd like to have it because it would be perfect HF present :)!  
I have only bought one award myself and would be nice to own some other ones.

Thanks for this giveaway OP and good luck to everyone else.

**Da Mango** - December 11, 2016, 5:10 am

I would love to receive this.  
I've been on HackForums since 2012 and have been lurking for many years. Only in the past month or so have I started to try and become active and yesterday is the day I got L33t.  
It's awesome of you to host this giveaway/contest.  
Thanks!

**Crystallize.** - December 11, 2016, 6:14 am

I'd love to have a gift award in my profile , thanks.

**the wolf of blockchain** - December 11, 2016, 3:24 pm

I like cars, so I think I should get the Gift award,

thanks!

**F?cqlé??** - December 12, 2016, 9:43 am

Because I'm one of the only ones under 100 characters.

100 words, not characters ;)

**SIM-403479** - December 12, 2016, 12:04 pm

I should win because I share the Christmas spirit around.

**Ronan.** - December 14, 2016, 9:19 am

Just under a week left, get your submissions in guys :)

**M?tt** - December 14, 2016, 9:52 am

I believe I should be selected for the "Gift" award because of the advice I provide for other members in need. I don't troll or flame other members and that goes with respect to everyone.

**Ronan.** - December 19, 2016, 1:15 am

Just a reminder that this closes tomorrow!

**chase.** - December 19, 2016, 1:18 am

I should be selected because I have given back to the HF community with my giveaways amounting upwards of \$100 I also stream my ewhoring to provide comedy afor some and teaching for others I've also give out methods and ewhore packs pick me merry Christmas

**Terms Of Service** - December 19, 2016, 1:19 am

I'd love to be the winner of this contest because it would mean much more as my first award rather than me just buying it. Although I may not be the oldest member I plan on having a long stay on hf. Thanks for the giveaway, hope I win and gl everyone else

**?Shady** - December 19, 2016, 6:59 am

I believe I should win this award because I am a great HQ user (in my opinion and a few others). I help as many users as possible & do my best to give them the best answers to my knowledge. I also offer a relationship help desk to assist people with all things that have to do with relationship aspects of life.

**Ronan.** - December 20, 2016, 9:27 am

Will be closing this thread at 23:59PM tonight.

The winner will be posted here when Mesh decides.

Best of luck everyone!

**Charm ?** - December 20, 2016, 1:20 pm

I want to win becuae in currently wanting to open a shop. But I don't think being unranked is going to help me. Im a generous guy and would probably give back what I make to hf. No butts.

**Kaspah** - December 20, 2016, 1:22 pm

I personally think I should win this award because I have helped out a few members with finance on and off-site. I purchased two l33t upgrades for members that were scammed and I donated some BTC around the rewards & favours section when it was needed. I understand I am a fairly new member to this community as I joined just over eight months ago but I don't plan on becoming LQ in the future and I plan on contributing a lot more than I currently am.

Here are some current freebies / giveaways I am offering to all members:

<https://hackforums.net/showthread.php?tid=5498082>

<https://hackforums.net/showthread.php?tid=5499425>

<https://hackforums.net/showthread.php?tid=5499322>

<https://hackforums.net/showthread.php?tid=5499118>

<https://hackforums.net/showthread.php?tid=5498574>

<https://hackforums.net/showthread.php?tid=5498462>

<https://hackforums.net/showthread.php?tid=5497316>

<https://hackforums.net/showthread.php?tid=5498385>

Although this isn't much, I can assure you this won't be the last. I never win giveaways / contest and my luck is pretty poor, it would be nice to win something for a change and liven my christmas up as my parents / family do not celebrate it. Again, thank you for the opportunity and I hope I get considered.

Edit:

My birthday in two minutes.

**ImZero** - December 20, 2016, 5:11 pm

To be honest I just want an award, they look cool :3

**Ronan.** - December 21, 2016, 8:28 am
