u can get list Site For webSite Hacker

Zilog80 - December 7, 2016, 11:19 am

What or for what is the url List?

And why there are duplicate url entries in that List? (I.e: sqlcurse, freevbcode, devx,..)

url list Show u how many site Get in ip ..
and
if u selected AutoSave duplicates Not Work

mrkoolaid - December 7, 2016, 11:22 am

line 111... then line 115... lol seriously?

I reviewed this on my site btw lol

SharoKurdi - December 7, 2016, 11:24 am

i add AutoDup To source :)
