Took a couple hours but I made 1 BTC gambling tonight!

My bustabit profile: <https://www.bustabit.com/user/KillJoyHF>

I'll admit \$150 deposit to start does help a lot, but still made 5x my deposit. Also note on my graph i was safely betting for awhile, then I wanted to hurry up near then end and almost lost it all twice but I recovered.

The guy has donated nearly \$2,000+ in awards alone, I hope no one would ask for proof lmao. Not that it matters though.

That is exactly how you lose your money. Try to strategize a little.

KillJoy you're one of the people bustabit seems to be going ok for. Good luck man. Everytime I see you play I try and I lose. Currently -93k and don't think I want to try again =X

Congrats man. I can't figure out bustabit about how it works and always loose money there.

Congrats back when I wasn't broke I would always be able to flip \$10 to \$80 and it felt so good actually having money lol

Don't gamble unless you can afford to lose.
